WORKING A BLUFF

Togo Makes a Feint Attack on Manchurian Ports

JAP TRANSPORT MOVEMENTS

Rumors That a Japanese Landing Party Were Repulsed--Russia Shows Unusual Activity in the Movement of Troops

Jap Fleet Off Vladivostock

Rome, April 18.—A telegram from Harbin says: "A squadron of Japanese warships has appeared off Vladivostock, and the commander is preparing to resist an attack."

Jap Transports Sighted

Tien Tsin, April 18.—From several sources reports have been received here saying that a Japanese fleet of over seventy transports is heading for Kin Chow, north of Port Arthur.

Russian Column Moving

Seoul, April 18.—The British collector of customs at Gunson, reports that a strong column of Russians are moving southward along the coast highway, and are apparently planning to divert the Japanese by forcing a quick reinforcement of the Gensu garrison.

Russian Humanity in Doubt

St. Petersburg, April 18.—It is said here that the Russian forces at the front are taking no Japanese prisoners. The Czar himself is aroused by the fact that despite many skirmishes reported in the Yalu district there were no reports as to prisoners taken.

He telegraphed to the Russian commander asking the reason. Gen. Koschirin in reply telegraphed: "I do not find it convenient to keep prisoners and I am not well supplied with rope." This leaves the fate of Japanese falling into the hands of Russians in doubt.

WAR NOTES

A large fleet of Japanese transports are heading for New Chwang. The Russians are prepared to oppose their landing.

Admiral Makarov's successor, Admiral Skryzloff, formerly commanding the Black Sea squadron, received an ovation on arriving at St. Petersburg.

It now appears that the Persevet and the Bayan were damaged, in the last attack on Port Arthur.

Eastern Corca is being raided by Cossacks.

Grand Duke Alexieff, High Admiral of Russia, is understood to oppose the present naval policy and to desire to retire.

Russians Getting active

London, April 18.—Dispatches from the entire centre of war indicate activity on the part of Russia. Detachments of troops have reached points along the Yalu heretofore known to have been included in the plan of campaign, while at Kin Chow it is reported the Japanese were driven back while attempting a landing from transports.

Togo Makes Feints

Choo, April 18.—Most conflicting rumors come to this point in regard to Japanese land operations, and out of them all can be guessed only the fact that Admiral Togo is making several feints on Manchurian points, with the evident object of distracting the Russians, so that Japanese military commanders can make the first big assault with promise of complete success.

There is no doubt that Admiral Togo has transports now in sight of the Russians at Tushan, in Southern Manchuria, north of Elliott Island, and about fifty miles east from Dalny.

It is certain that he had other transports in the Gulf of Pecheli, because they made their presence known before dark last night, appearing in full sight of the Russian sentinels on the cliff south of Kiyow Bay.

BRITISH REMOUNT OFFICERS.

Calgary Herald:

Colonel Lawley, of the British army
remount officers, accompanied by Major
Moore, arrived in the city from the
south yesterday.

These officers were in the south-
ern states looking after horses and
mules for remount and other purposes
during the Boer war. They have been
making a tour of the states lately
and decided to return to England by
way of Canada.

Today Colonel Lawley and Major
Moore were shown the stock yards
and some of the horses on the ranches
around Calgary. They will go, north
on Monday.

Sec. Tims, of the Edmonton Board
of Trade, when asked if these gentle-
men would visit Edmonton, was un-
able to give any information on the
matter. The Board had not received
any communication either from them or the Calgary Board of Trade,
and whether they will visit Edmonton
or not he could not say.

BUSY TIMES AT THE FORT.

F. A. Walker, of Fort Saskatchewan

business generally good in the neigh-
boring town. Real estate is active
and many buildings are planned for
the coming summer. Among those
now under way are: Neville White,
machine shop; Mr. Fraser, of Fraser
& Green, house and stable; J. Laroche,
alterations to Mansion House.

The ferry at the Fort started run-
ning on Saturday.

CHURCH UNION.

At the Ewyneth League meeting in
the Methodist church last night Pro-
fessor Riddell, of Alberta College,
gave an address on the subject of
church union. The view was largely
tunited that the address was heartily
appreciated by those present. The
speaker was strongly in favor of the
union of the Presbyterian, Baptist,
Methodist and Congregational
denominations. While there were many
difficulties to be met in forming a
plan for satisfactory union, he
thought there were many good ob-
jects to be gained by such union.

On Monday evening of next week
a union meeting of the young peo-
ple's societies of the Ewyneth, Presbyterian,
Methodist and Congregational
churches will be held in the Baptist church, when
Professor Riddell will deliver another
address on the subject of union.

COAL CONSUMPTION.

Following is a list of the number of
loads of coal weighed at the town
scale during each month of the win-
ter.

October	806
November	1,294
December	1,253
January	910
February	1,151
March	1,148

Total

As the loads would average con-
siderably over 1,000 lbs. it is a
moderate estimate to put the total
quantity weighed on the scales as
14,000 tons.

Besides this amount a great num-
ber of loads were weighed at other
scales in town.

LOCAL.

The city council meets tonight. The city council has brought in a number of letters from Scorsby.

The government telegraph office was open at Edmonton last evening, and the British colony now has much with the outside world.

The Edmonton Assembly Club give an assembly in Roberts on Hill on Thursday evening of next week.

Mrs. Anna Simpson, daughter of John Simpson, who married Mr. Johnson on Tuesday last, is a Thompson, of Alvinston, Ont.

Today's performance of the Chimes of Normandy is to be for the benefit of the building of a distinct of 5000 in the books of the Opera society.

Following are the nominees for the vacancies in the library city council: Owen E. Bond, Mr. Thompson, Mr. J. G. W. Martin, Mr. H. C. Bond, Mr. A. L. Condon.

Dee McLean and Strong, dentists, in the McLean block, have installed a new apparatus for extracting the roots of rotten oxide gas (bathing gas) for the extraction of teeth and other operations.

Thomas Drummond, D.D.S., and party returned yesterday from the bush, having been engaged in engaged sub-dividing townships for three months. Though the snow was very deep during the winter, good progress was made, three townships being subdivided.

Manitoba university first and second year examinations began yesterday at Alberta college. Two students are writing the first year examinations and the second year. The Matriculation examinations begin on May 25th. There will probably be ten days of matriculation.

Calgary Herald: Brampton, Manitoba, April 18. At the General hospital as the result of a severe accident at Innisfail. While passing between two cars on a much-bound freight, a foot of iron was driven by a bullet and badly wounded. His foot was torn off, but no bones were broken.

Reports from Peace River to the effect that Mr. McGehee, who was in charge of the last load of cattle, has lost a large number, having carried late with the cattle in very poor condition. The cattle and the drivers there were prepared for the winter, have come through his condition, though the winter has been unusually severe.

William Peacock, recently elected member of the Legislative Assembly, having obtained superannuation on the last day, has entered the service of the Canadian Pacific Railway company as a supervisor of the original and British departments. As such he will have charge of all survey matters connected with those branches.

Mr. F. J. of the firm of Dobson, Jackson and F. J. may leave in a few weeks or Moosjaw to reside for the summer. His firm has secured the contract to build part of the railway line from Innisfail and will tender on the 20th of May on the Moosjaw system. Should the firm's Moosjaw tender be successful, Mr. F. J. will go to Moosjaw, where he will be in charge of all work on both the Moosjaw and Bighorn systems.

That of the firm of Gouin's, a rescue of a band being raised by subscription to erect a monument to the memory of the late Mr. Gouin, who was a son of Dr. J. S. Gouin, who was attached to a geologist and hydrographer on the Franklin expedition sent out, from 1857 to 1859, by the British government to investigate the resources of the West Territories and the possibility of establishing a native confederation between the eastern provinces and the Crown colony of British Columbia. It was largely owing to his efforts that Canada acquired the Northwest Territories.

What might have been a serious accident was averted by a skilful and good fortune yesterday. A team started to a load of hay ran away a short distance from the stable and dumped the load on the road and took the road for town. They crossed the Kinistino avenue, bridge and lots, running together, cleared the ten-foot claim without a drop of water on this side of the bridge. Horses and wagon got over intact and the runaway were captured soon after. Had they missed calculations at the bridge, or had either halted, the result would have been a mix-up in the mud and water beneath, and the team would probably have been lost.

PERSONAL.

W. Orme came up from Calgary last night. C. Peterson of Wetaskiwin, came in this morning.

Expositions of Fort Saskatchewan, was in town yesterday.

Mr. Averill and Morrison, dentists, will open up offices in the Sandison block in a few days.

W. K. Kynan for May and Kopp, contractors, returned to town last night.

T. Irwin went to Leduc yesterday.

RAT GREEK BRIDGES GONE.

The bridge over Rat Creek on Namayo and Kinistino avenues, are out of business and broken. The math has to enter town by a circuitous route to the bridge near Williamsport pork packing establishment.

For several days the water in the creek has been rapidly rising and threatening the destruction of the bridges. At present the Namayo avenue bridge is sunk on the far west point of the pier having been carried away by the flood. That on Kristo no avenue still stands, but the stream has overflowed and carried a few of twelve feet off the bank of the nearest town, making it impassable.

Chairman May, of the Board of Works, was investigating the matter of the bridge, but as the town boundary they are under the jurisdiction of the Northwest government. Mr. Johnson, who is in charge of the work on the street, is looking for Mr. Scord, M.L.A., to see if he can procure his assistance in having the bridge made up with him, but could not find him. Meanwhile the creek is swollen to the dimensions of a small river and it seems that both bridges entirely unless a remedy is speedily found.

MAIL ROBBERY CASE

Calgary Herald:

Colonel Sanders opened court yesterday afternoon, the case of Mr. Bangs was called, without delay. All eyes were turned towards Mr. Short, who was called to witness. Instead, however, of adducing any testimony, the Crown Prosecutor stated that he had no formality to appear, having three cases tried out to him.

The justice gave the justice discretion in the matter and he (Mr. Short) had been instructed to request the justice to decide that the defendant was not prepared to argue the matter, provided, however, that he would merely make the formal application and would be in a position to make an argument.

The justice after some consideration adjourned the hearing to Thursday, April 21st, at 2 p.m., but declined to make any alteration in the trial date.
